Inspirada en la majestuosidad natural de la piedra travertino, nuestra colección celebra el arte de la naturaleza y el ingenio humano. Formada en depósitos de aguas termales, ríos y manantiales ricos en carbonato de calcio, esta piedra icónica se distingue por sus vetas lineales y su textura única, testimonio de miles de años de historia geológica.

Cada pieza de la colección, ha sido diseñada y elaborada con una meticulosa atención al detalle. Nuestro equipo de diseño selecciona cuidadosamente los mejores bloques de travertino para garantizar una calidad excepcional. A través del exclusivo corte Vein Cut, las vetas longitudinales se resaltan de manera precisa, logrando un diseño fluido y uniforme que aporta movimiento y sofisticación.

El proceso de acabado combina tecnología de vanguardia con técnicas artesanales para preservar las características naturales de la piedra original, como su superficie y las pequeñas cavidades que le otorgan su encanto único. Pero con las ventajas que conlleva estar realizado con gres porcelánico. Disponible en los tonos Aurora, Sahara y Basalt para adaptarse al estilo decorativo.
